

## **Public invited to provide feedback for Veneta's Parks, Recreation, and Open Space Master Plan Update**

By Kelsey Zlevor  
October 11, 2019

**Veneta, OR** – The City of Veneta is updating its Parks, Recreation, and Open Space Master Plan. The original plan was adopted in 1998. The update began in June 2019 and will be completed by April 2020.

The development of the Veneta Parks, Recreation, and Open Space Master Plan will involve gathering information and ideas from residents and other stakeholders in Veneta in order to learn more about what parks and recreation facilities the City can improve or provide in the future.

The Plan will be successful to the degree that it reflects the visions and values of Veneta. The City invites interested community members to participate in a short community survey. The survey's intent is to provide input and information about parks and recreation in Veneta. The survey is available online until December 13<sup>th</sup> and can be found at the following web link: <https://www.venetaoregon.gov/cd/page/parks-recreation-and-open-space-master-plan-project> This feedback will help the city understand residents' needs and better prioritize capital improvements. Those who take the survey will have an opportunity to enter a raffle to win a family punch pass to the Community Pool.

Following the open survey period, the City will also host a community open house event to explore potential design options and collect additional feedback before the Master Plan is finalized in 2020.
